

## PROSPECTS "GOOD" FOR THE TOMATO YIELD IN BUCKS

"Early Sets" Are Light; But No Blight Has Yet Appeared

### DUSTING IS AN AID

Majority of Producers Grow Tomatoes On Contract For Canneries

Although tomato production is just getting underway in Bucks County, and "early sets" were rather light, prospects for a better yield later are very good," according to William F. Greenawalt, Bucks County agricultural representative.

Greenawalt says there was not a very good start during the recent hot, dry weather, and yield is of course "anybody's guess."

One favorable thing this year, as concerns the tomato crop, is that no blight has yet appeared. This is explained by the fact that weather this summer was not favorable to blight; and also because many growers are dusting and spraying, much of the dusting being carried out by airplane.

The yield last year was up to more than 20 tons to the acre, although the average was considerably below this year. "Last year was a good tomato year," Mr. Greenawalt adds. The height of the tomato season is normally the last week of August and first week of September.

Most of the large producers grow tomatoes on contract for canneries in Trenton and Camden, N. J., and a firm in the Bristol area.

Herman Heston, of Lower Makefield township, has one of the largest tracts in tomatoes in Bucks County, it is stated. In fact, Greenawalt states that one-sixth of Bucks County's tomato acreage is located in Lower Makefield township. Between 3,000 and 4,000 acres in the county are given over to tomato growing.

Every day trucks laden with tomatoes are seen traversing Bucks County highways, bound for the canneries or markets.

A letter slot in the door; door mail box or post mail box must be installed before service can be rendered, otherwise the mail will have to be secured from Croydon post office, it is further stated.

### RED LOOTING OF IDEAS

A Senate judiciary subcom-  
mittee has been hearing at con-  
siderable length the extent to  
which the Russians have been  
looting this country of industrial  
ideas. According to the charge  
made by a Russian born member  
of the New York Institute of For-  
eign Trade, this outright piracy  
and theft—some of it in violation  
of international patent agreements  
—has been going on for more  
than two decades.

The trade expert said most of  
the filching was done through  
Amtorg, the Russian trade  
agency. Members of the agency  
buy everything from small quan-  
tities of chemicals to heavy pieces  
of machinery. The items are either  
analyzed on the spot or sent to  
Russia for processing. Amtorg  
"engineers" demand blueprints  
and shop drawings along with  
certain items. These are shipped  
to Russia illegally. There is evi-  
dence to back up the latter charge.  
Customs men recently seized sev-  
eral such shipments and held  
them in this country.

The subcommittee should be  
reminded of a story that made the  
rounds prior to World War II  
about the Japanese and their pen-  
chant for pirating anything and  
everything of value.

One version was that a Scot-  
tish shipbuilding firm was asked  
to submit blueprints for a fast  
cargo ship. After a long interval  
the blueprints were returned with  
a note saying thank you so much,  
but we don't like them.

One of the firm's engineers was  
in China at the time and wrote  
that he had seen a new Jap ship  
that looked suspiciously Scottish  
in design. Later the firm was  
asked to submit plans on another  
type of ship. Plans were drawn  
and submitted. Not long after  
that, foreign attaches told of the  
launching of a new addition to the  
Jap merchant fleet. They said she  
sailed down the ways in grand  
style, then rolled over majes-  
tically, and vanished with hardly  
a burble.

The Scots, when they heard  
about it, clucked sympathetically  
and went back to drawing up  
blueprints for their regular cus-  
tomers.

Scientists say every person has  
something wrong with him. And  
how he loves to talk about it.

nounced that the dragonfly can

As many tourists are on the  
road as last summer, according to  
reports from various meccas, but  
they are spending less money. If  
this attitude is carried to ex-  
tremes, however, the glad hand  
will be withdrawn.

### REV. GRAHAM KWEI TO SERVE COMMUNION AND DELIVER SERMON

The Rev. Graham Kwei will visit  
Christ Episcopal Church, Edding-  
ton, for the second time this sum-  
mer on Sunday. He will celebrate  
Holy Communion at 8:40 a. m., as  
well as at the 11 o'clock service,  
and will also preach at the 11  
o'clock service.

The Rev. Mr. Kwei is a priest of  
the Holy Catholic Church of China,  
which is the Chinese branch of the  
Episcopal Church. He was on a  
leave of absence from his home  
parish in Anking, doing graduate  
work in the Virginia Theological  
Seminary when the Communist in-  
vasion isolated him from his home.  
The clergyman is doing advanced  
pastoral work at the Episcopal  
Hospital where he is an assistant  
chaplain. At his home in Anking,  
he is chaplain of an 80 bed hospital  
maintained by the Episcopal  
Church.

On Wednesday, celebration of the  
Holy Communion will be at 8:30.  
The Rev. Henry E. Kaufmann of  
Emmanuel Church, Holmesburg,  
will be the celebrant. On Thursday,  
there will be the weekly meeting  
of the "ministers of grounds". Old  
clothes set the keynote of informal-  
ity at this session. Everyone is in-  
vited to an hours work in the oak  
grove. A snack and a song fest will  
make up the rest of the program.

In the Ancient tradition of the  
Christian Church, the Feast of the  
Transfiguration of Christ will be  
remembered tomorrow. It is the  
day which is set aside in particular  
to remember the adventure of Jesus  
and his three disciples, Peter,  
James, and John, on the side of  
Mount Hermon. A celebration of  
Holy Communion will be held at  
8:30 a. m. in accordance with this  
ancient custom.

### Today's Quiet Moment

By The Rev. Stanley Powell, Jr.  
Rector, Christ Church, Eddington  
Vicar, St. Paul's Chapel, Edgely

Psalm: 36:10 "Be still then and know that I am God." In the midst of the advents and misadventures and robberies and law suits and divorces and broken homes and quarrels; in the midst of politics and diplomacy and high finance and threats to world peace; in the midst of bustling and business and activity and activism — all these things which contribute to the complexity of daily life — Let us stop and remember: "Lord, Thou hast been our refuge from one generation to another. Before the mountains were brought forth or ever the earth and the world were made: Thou art God from everlasting and world without end." (Psalm 90: 1 & 2)

Refreshments were served to: Patricia Bills, Marita Ann Mulligan, Milton Miller, 3d, Ellen Mulligan, John, Joanne and "Beth" Kazimer. A large decorated cake graced the table and each guest received lollypops.

## SPORTSMEN'S BRIEFS

BY JOE ELKERSON

Big casting tournament . . . casters from five states are expected to be on hand this Sunday, August 7th, when the Second Annual Bait and Flycasting Tournament, sponsored by the Bristol Fish & Game Protective Association, is held at Memorial Park (formerly Grundy's Park). More than \$100.00 worth of prizes and trophies will be awarded in the 11 class events and the novelty event. Because of the system of classing events both experts and novices will have an equal opportunity to win prizes.

There will be four classes in the 3/4 ounce accuracy bait-casting event; four classes in the 5/8 ounce competitions; and three in the fly-casting event, and also one special novelty event which no doubt will appeal to all the participants.

Everyone is eligible to participate and entries may be made at the tournament from 10 o'clock in the morning until 4 o'clock in the afternoon. Prizes will be awarded at 5:30 P. M.

The tournament will be conducted under the rules of the Middle Atlantic Association of Casting Clubs, with both restricted and unrestricted tackle for the 3/4 ounce distance event.

Ollie Hobbs, former national 3/4 ounce accuracy bait-casting champ, is chairman of the committee for the affair Sunday. He will have able assistance from his committee, but because of the detail involved in conducting such a tournament he has appealed for additional help from members of the Bristol Club.

Over 3700 pheasants . . . that many day-old pheasant chicks were received from the Game Commission in Bucks County this year by sportsmen's clubs, farmers, and the County Federation for rearing and then stocking on open hunting territory in the county.

Of that number 8 groups in the upper end of the county received 1750 chicks, with the Springtown club receiving 100, the largest number of any of the groups. Two farmers, co-operating with the Farm-Game Project, also received chicks. These farmers are paid one dollar for each bird raised to 12 weeks and released on Farm-Game hunting areas.

Lower end clubs received 1500 birds, with New Hope and Morrisville each receiving 500. And in addition there are 500 pheasants being raised by the inmates of the Eastern State Prison for the County Federation.

That makes a total of 3750 chicks received. Of course, some of them have been lost in the raising process, but there will still be quite a flock of birds for release.

Meeting . . . next Tuesday evening, at 8 o'clock, the Bristol Fish & Game Association will hold its August meeting in the assembly room on the second floor of the American Legion Home, Radcliffe St. President

Popkin urges all members to be present, and all interested sportsmen have a cordial invitation to attend.

Helping themselves . . . sportsmen are doing much to improve their sport of hunting and fishing the country over, reports the National Wildlife Federation. It is impossible to give an estimate of the value of what they are doing because in most cases the work is being undertaken by a local sportsmen's club and the information is not passed on.

One Pennsylvania group, the Columbia County Federated Sportsmen, are carrying on programs for stocking farm fish ponds; stream improvement work; better farmer-sportsmen relations (had feeling in that vicinity has grown up due to careless and thoughtless fishermen building fires on farm property, walking and driving over freshly plowed fields, and littering the landscape with bottles, papers and food wastes); vermin control; field trials; co-operation with women's clubs and junior groups and others.

Each one of these items is a worthy conservation project. There are thousands of other groups doing a similar work and the cumulative effect has a great influence on the wildlife of the country.

## ST. ANN'S PREPARES FOR GRID SEASON

The St. Ann's A. A. football team has entered the Greater Northeast Football Conference. Coach "Sags" Sagolia is preparing for the 1949 league season and has called another practice session for Sunday morning at 10 o'clock on Leedom's field.

The "Saints" held their first practice last week and Coach Sagolia was pleased with the first turnout. Some of the veterans who reported for the exercises were the Myernich brothers, "Bill" and "Tom," "Mickey" Stradling, and "Bill" Marion.

The Langhorne Aces have also entered the Northeast Conference but it is not known whether they will be in the same division as St. Ann's.

## GAME CALLED OFF

The Bristol Suburban Softball League games scheduled for last evening were called off because of wet grounds. The games will most likely be played next week.

Sunday morning, Franklin will clash with Fifth Ward on Memorial Park field.

## TO PLAY TONIGHT TO BREAK THE TIE IN YOUTH LEAGUE

The Bell's Aces - Third Ward Eagles game to break the tie for fifth place in the Bristol Youth League will be played this evening on the Third Ward field, starting at six o'clock. The game was originally scheduled for last evening but called because of wet grounds.

In the event of rain this evening, the game will be played tomorrow afternoon on Memorial Park diamond at two o'clock.

The quarter-finals of the league will get under way Sunday afternoon. The managers decided on this date at a meeting last night in the Diamond Sporting Goods Store, Mill street.

The three-game series between Bristol Township and Croydon will be played on the Croydon diamond. The second game is scheduled for Wednesday evening of next week and the third game next Friday. In the event of rain, the game will be re-scheduled for the following evening. Sunday's game will begin at two o'clock while the evening contests are listed for six o'clock.

Newportville will play the winner of this evening's Aces - Third Ward game. The first game will be played on the Bristol Township field, if this is available. If not, the game will be played on the West

Bristol field. Place of the second game will be announced later. The latter game will be played Wednesday evening and the third, if necessary, next Friday evening. Seven innings will constitute a game; but in the event of a tie, the game may go into extra innings. The managers decided to use two umpires for every contest.

## ANNOUNCES LIST OF ELIGIBLE PLAYERS

### RED LOOTING OF IDEAS

A Senate judiciary subcommittee has been hearing at considerable length the extent to which the Russians have been looting this country of industrial ideas. According to the charge made by a Russian born member of the New York Institute of Foreign Trade, this outright piracy and theft—some of it in violation of international patent agreements—has been going on for more than two decades.

The trade expert said most of the filching was done through Amtorg, the Russian trade agency. Members of the agency buy everything from small quantities of chemicals to heavy pieces of machinery. The items are either analyzed on the spot or sent to Russia for processing. Amtorg "engineers" demand blueprints and shop drawings along with certain items. These are shipped to Russia illegally. There is evidence to back up the latter charge. Customs men recently seized several such shipments and held them in this country.

The subcommittee should be reminded of a story that made the rounds prior to World War II about the Japanese and their penchant for pirating anything and everything of value.

One version was that a Scottish shipbuilding firm was asked to submit blueprints for a fast cargo ship. After a long interval the blueprints were returned with a note saying thank you so much, but we don't like them.

One of the firm's engineers was in China at the time and wrote that he had seen a new Jap ship that looked suspiciously Scottish in design. Later the firm was asked to submit plans on another type of ship. Plans were drawn and submitted. Not long after that, foreign attaches told of the launching of a new addition to the Jap merchant fleet. They said she sailed down the ways in grand style, then rolled over majestically, and vanished with hardly a burble.

The Scots, when they heard about it, clucked sympathetically and went back to drawing up blueprints for their regular customers.

Scientists say every person has something wrong with him. And how he loves to talk about it.

Action to Quiet Title.  
To the Defendants above named: You are hereby notified that Thomas C. Broome has commenced an Action to Quiet Title against you as of the above Court, Term and Number and has filed his Complaint against you in said action, wherein he avers that he is the owner of All that certain lot of land known as Lot No. 2 of Section X on the Plan of Eddington Gardens, Township of Bensalem, County of Bucks and State of Pennsylvania, as recorded in Plan Book 1, page 198, &c., said lot being more particularly described at length in said Complaint; that he, the said Thomas C. It was explained by the delegation that arrangements for such treatment can be made if the parents so desire, and that Croydon P. T. A. is sponsoring the plan in the Croydon area. Mr. Smith further informed he believes various P. T. A. units in the township have such dental care in mind. Further consideration at the September meeting was promised by the board.

## SPORTSMEN'S BRIEFS

By JOE ELERSON

Big casting tournament . . . casters from five states are expected to be on hand this Sunday, August 7th, when the Second Annual Bait and Flycasting Tournament, sponsored by the Bristol Fish & Game Protective Association, is held at Memorial Park (formerly Grundy's Park).

More than \$100.00 worth of prizes and trophies will be awarded in the 11 class events and the novelty event. Because of the system of classing events both experts and novices will have an equal opportunity to win prizes.

There will be four classes in the 3/4 ounce accuracy bait-casting event; four classes in the 5/8 ounce competitions; and three in the fly-casting event; and also one special novelty event which no doubt will appeal to all the participants.

Everyone is eligible to participate and entries may be made at the tournament from 10 o'clock in the morning until 4 o'clock in the afternoon. Prizes will be awarded at 5:30 P. M.

The tournament will be conducted under the rules of the Middle Atlantic Association of Casting Clubs, with both restricted and unrestricted tackle for the 5/8 ounce distance event.

Ollie Hobbs, former national 3/4 ounce accuracy bait-casting champ, is chairman of the committee for the affair Sunday. He will have able assistance from his committee, but because of the detail involved in conducting such a tournament he has appealed for additional help from members of the Bristol Club.

Over 3700 pheasants . . . that many day-old pheasant chicks were received from the Game Commission in Bucks County this year by sportsmen's clubs, farmers, and the County Federation for rearing and then stocking on open hunting territory in the county.

Of that number 8 groups in the upper end of the county received 1750 chicks, with the Springtown club receiving 400, the largest number of any of the groups. Two farmers, co-operating with the Farm-Game Project, also received chicks. These farmers are paid one dollar for each bird raised to 12 weeks and released on farm-game hunting areas.

Lower end clubs received 1500 birds, with New Hope and Morrisville each receiving 500. And in addition there are 500 pheasants being raised by the inmates of the Eastern State Prison for the County Federation.

That makes a total of 3750 chicks received. Of course, some of them have been lost in the raising process, but there will still be quite a flock of birds for release.

Meeting . . . next Tuesday evening, at 8 o'clock, the Bristol Fish & Game Association will hold its August meeting in the assembly room on the second floor of the American Legion Home, Radcliffe St. President

Popkin urges all members to be present, and all interested sportsmen have a cordial invitation to attend.

Helping themselves . . . sportsmen are doing much to improve their sport of hunting and fishing the country over, reports the National Wildlife Federation. It is impossible to give an estimate of the value of what they are doing because in most cases the work is being undertaken by a local sportsmen's club and the information is not passed on.

One Pennsylvania group, the Columbia County Federated Sportsmen, are carrying on programs for stocking farm fish ponds; stream improvement work; better farmer-sportsmen relations (bad feeling in that vicinity has grown up due to careless and thoughtless fishermen building fires on farm property, walking and driving over freshly plowed fields, and littering the landscape with bottles, papers and food wastes); vermin control; field trials; co-operation with women's clubs and junior groups and others.

Each one of these items is a worthy conservation project. There are thousands of other groups doing a similar work and the cumulative effect has a great influence on the wildlife of the country.

### ST. ANN'S PREPARES FOR GRID SEASON

The St. Ann's A. A. football team has entered the Greater Northeast Football Conference. Coach "Sags" Sagolla is preparing for the 1949 league season and has called another practice session for Sunday morning at 10 o'clock on Leedom's field.

The "Saints" held their first practice last week and Coach Sagolla was pleased with the first turnout. Some of the veterans who reported for the exercises were the Myernich brothers, "Bill" and Tom, "Mickey" Stradling, and "Bill" Marlon.

The Langhorne Aces have also entered the Northeast Conference but it is not known whether they will be in the same division as St. Ann's.

### ANDALUSIA

Mr. and Mrs. Edward H. Roberts and family have returned from Pittsburgh and are now living in Swarthmore.

### Organizes Youth Team At Bristol Terrace II

Harold VanWert, Bristol Terrace II, has organized the Terrace Giants, a baseball nine of youths in that area ranging in age from 10 to 15.

The games are played on the Terrace Field on Wednesdays and Fridays.

In the opening game which was played Wednesday the Giants defeated Maple Terrace by the score of 14 to 2. Today the Giants are booked to play Fleetwings Juniors.

### GAME CALLED OFF

The Bristol Suburban Softball League games scheduled for last evening were called off because of wet grounds. The games will most likely be played next week.

One game will be played this evening with Tullytown meeting Jefferson on Memorial Park field starting at six o'clock.

Sunday morning, Franklin will clash with Fifth Ward on Memorial Park field.

## TO PLAY TONIGHT TO BREAK THE TIE IN YOUTH LEAGUE

The Bell's Aces - Third Ward Eagles game to break the tie for fifth place in the Bristol Youth League will be played this evening on the Third Ward field, starting at six o'clock. The game was originally scheduled for last evening but called because of wet grounds.

In the event of rain this evening, the game will be played tomorrow afternoon on Memorial Park diamond at two o'clock.

The quarter-finals of the league will get under way Sunday afternoon. The managers decided on this date at a meeting last night in the Diamond Sporting Goods Store, Mill street.

The three-game series between Bristol Township and Croydon will be played on the Croydon diamond. The second game is scheduled for Wednesday evening of next week and the third game next Friday. In the event of rain, the game will be re-scheduled for the following evening. Sunday's game will begin at two o'clock while the evening contests are listed for six o'clock.

Newportville will play the winner of this evening's Aces-Third Ward game. The first game will be played on the Bristol Township field, if this is available. If not, the game will be played on the West

Bristol field. Place of the second game will be announced later. The latter game will be played Wednesday evening and the third, if necessary, next Friday evening.

Seven innings will constitute a game; but in the event of a tie, the game may go into extra innings. The managers decided to use two umpires for every contest.

### ANNOUNCES LIST OF ELIGIBLE PLAYERS

Paul C. Voltz, president of the Bristol Suburban Baseball League, has announced the eligible players for the West Bristol and Voltz-Texaco teams, winners of the first and second half, respectively, of the circuit.

The West Bristol boys and Voltz-Texaco will meet in a five-game series to determine the championship. A meeting will be held this evening to decide the playing dates. The eligible players are:
